

## Front End Technologies Week 1 Coding Assignment

**Points possible:** 70

Category	Criteria	% of Grade
<b>Functionality</b>	Does the code work?	25
<b>Organization</b>	Is the code clean and organized? Proper use of white space, syntax, and consistency are utilized. Names and comments are concise and clear.	25
<b>Creativity</b>	Student solved the problems presented in the assignment using creativity and out of the box thinking.	25
<b>Completeness</b>	All requirements of the assignment are complete.	25

**Instructions:** In VS Code, or an IDE of your choice, write the code that accomplishes the objectives listed below. Ensure that the code compiles and runs as directed. Take screenshots of the code and of the running program (make sure to get screenshots of all required functionality) and paste them in this document where instructed below. Create a new repository on GitHub for this week's assignments and push this document, with your project code, to the repository. Add the URL for this week's repository to this document where instructed and submit this document to your instructor when complete.

### Coding Steps:

1. Create a website using only HTML. The website can be anything you like (within school guidelines) as long as it meets the following criteria – website must contain:
  - a. At least 3 pages
  - b. Links to navigate between all pages present on each page
  - c. A list
  - d. 3 images
  - e. 2 different size headers
  - f. A table
  - g. A form

## portfolio.

### sol y luna

Sol + Luna, is one of those projects that as a designer I enjoy from beginning to end. After meeting with these young siblings I couldn't help but be moved by their empathy and devotion in helping other kids have a bright future. Their spirit, inspired me and made this project extremely gratifying.

---

### nour

Throughout my final semester at California State University of Long Beach, I had the opportunity to develop, research, conceptualize and design a project I am deeply passionate about. Nour is a dream that I was able to put on paper and hope to one day bring to life.

---

### elf

Elf Cosmetics reached out looking for a multi-purpose design that was both functional and on brand. This proved to be a challenge due to spacial implications. However, there is nothing I enjoy more than problem solving. At the end every need was met.
